

# MAGNASEAL

BY NEOTHANE INC.

**STOP  
HAZARDOUS  
LEAKS IN  
SECONDS!**

MAGNASEAL is a unique, flexible, magnetic patch that is the quickest, easiest and safest way to stop a leak.

**Life. Environment. Property.  
We've Got You Covered.**

**NEOTHANE.COM**

**IMPROVE SAFETY | REDUCE COSTS | INCREASE EFFECTIVENESS**

## **LEAK PATCH**

A high strength, highly chemical resistant, magnetic, flexible urethane patch that can hold back a minimum of 25 PSI. Available in 5 sizes, it comes with built in "D" rings and straps. Carrying case is also included.

## **DRAIN / SEWER COVER**

A flexible, ultra thin, highly chemical resistant drain cover that stays in place during high liquid flow. Available in 4 sizes, it comes in low strength magnetic or non-magnetic options.

## **TEFLON SHEET**

A peel and stick layer that can be applied to any MAGNASEAL leak patch to increase its chemical resistance.

**REDUCE TIME | INCREASE EFFICIENCY | HELP THE ENVIRONMENT**
